Johnson has very generously offered to speak individually to each child's parents as well about her observations in free half-hour phone consultations. However, she does ask that before phoning, you read the five starred articles that you will find under the Articles tab on her website (www.youandyourchildshealth.org) as that will prevent her from having to explain to each parent the underlying information. We will be including each of these articles in our newsletter over the next five weeks as well. When you have read the articles, you can reach Dr. Johnson at 916-638-8758. We are very grateful to Dr. Johnson for offering these valuable resources to our parents. Photo Day

Lifetouch Photography will be here on Tuesday, Oct. 13 to take individual photos of students. Photos of each class as a group and the all school photo will take place in the spring. Order forms will be placed in the parent cubbies this week and should be returned to the front office by Tuesday, October 6.

Please note: If your child attends Sunchild Preschool and is not enrolled on a Tuesday, you may still participate. Please speak to Teri in the office when you return your order form for details and to arrange a time. Questions? Please see Teri or Lisa in the office.

Grade 4 Learns Indian Cooking

AWSNA Newsletter
